## **RoHS & WEEE Exemption**

**TUV Project #** 3053269  
**TUV File #** 30671593.001

The below listed products from Delta Design, Inc. do not fall under the scope of the 2002/96/EC (WEEE) directive, and therefore are inherently exempt from the 2002/96/EC (RoHS) Directive. The RoHS Directive explicitly states that this directive shall comply with all products listed under Annex IA of the WEEE Directive.

These products are intended primarily for the Semiconductor industry, and are considered professionally installed Temperature Conditioning Handlers and Sorters.

EDGE  
Summit  
Castle LX (and MX)  
Flex  
BLU  
Orion  
LCBI  
OLB

This letter is valid for 1 year after the date of its submission and must be reviewed against current EU legislation at that time due to changes.

The opinions of TUV Rheinland of North America follow the current interpretation of these directives. Each EU member country must pass their own legislation on these directives, and some countries will differ from others. TUV Rheinland of North America does not pretend to foresee the actual implementation of these directives in all member countries. Some countries may include your equipment as a part of the WEEE directive, and therefore may also have to comply with the RoHS directive.

Please contact me if you have any questions.

Best regards,

A handwritten signature in black ink that reads "Geoffrey Bock".
